

■ San Sebastián Subdivision

Builder Information & HOA Process

Step 1 – Plan Submission

Builders must send **building plans** to both contacts below:

- **Daniel Brama** – dbrama@rgv.rr.com | 956-466-0250

- **Eric Rodenbaugh** – eric.rodenbaugh@yahoo.com | 956-465-3463

Plans will be reviewed to ensure compliance with subdivision requirements.

Step 2 – Builder Form & Approval

Builders will receive a **Builder Acknowledgment Form**.

The form outlines the **building process and requirements**.

Once the form and plans are approved, builders will receive **written approval to begin construction**.

Additionally, **Spectrum Ready equipment placement and wiring guidelines** will be delivered by the HOA and must be followed.

Step 3 – Subdivision Restrictions (CCRs)

All lot owners are provided with a copy of the **Covenants, Conditions & Restrictions (CCRs)** at closing.

If you do not have a copy, please request one.

All requirements must be followed. Any deviations must be approved by **HOA Management**.

Step 4 – Questions & Support

We are committed to providing timely reviews so construction can move forward without delays.

For assistance, please contact:
